PERSONAL DETAILS

Date Of Birth

2002

ABOUT ME

Data Annotation Team Lead with experience managing teams and delivering high-quality datasets for autonomous driving projects. Promoted from annotator to lead. I combine leadership skills with technical literacy from a background in programming and an MSc in Informatics. Strong focus on efficiency, accuracy, and cross-team collaboration.

WORK EXPERIENCE

- DATA ANNOTATION TEAM LEAD

Imagry

MAY - 2025

PRESENT

•Promoted from annotator to team lead within 10 Months.

•Manage and mentor a team of 11 annotators, assigning tasks and ensuring deadlines are met.

•Oversee quality control for annotated datasets used in autonomous driving AI training .

•Improved team workflows to increase efficiency and reduce annotation errors

•Collaborate with project managers and engineers to align outputs with model training requirements.
- DATA ANNOTATOR

Imagry, Tbilisi

MAY - 2024

•Contributing to the development of autonomous driving technology through high-quality data annotation.
- FULL STACK WEB DEVELOPER

Tboba, Tbilisi

JAN - 2023

MAR - 2023

•Full-Stack web dev at 'Tboba' start up.
- LOGISTICS

Lebkuchen Schmidt, Nuremberg, Germany

JUL - 2022

NOV - 2022

•Part of a logistic department in 'Lebkuchen Schmidt'.

SKILLS

- TEAM LEADERSHIP & MANAGEMENT:

•Task coordination, team mentoring, workflow optimization, quality assurance
- DATA ANNOTATION & QUALITY CONTROL

•Path annotation (SpaceNet), dataset validation, annotation guidelines, error reduction
- COLLABORATION & COMMUNICATION

•Cross-team coordination with project managers and engineers
- TECHNICAL SKILLS

•Python, React, Django, Javascript, HTML, Tailwind, SQL, Git, familiarity with AI/ML data pipelines
